

Accurate and timely reporting assistance

What is “Play or Pay” all about?

As of 2015, Applicable Large Employers (ALEs) must comply with the requirements under the Employer Shared Responsibility Mandate (Play or Pay Provisions). In order to avoid penalties, ALEs must offer minimum essential coverage that is "affordable" and that provides "minimum value" to their full-time employees and their dependents.

The determination and reporting requirements can be difficult for any employer to navigate, all within an annual deadline.

TASC guides you through the process.

TASC's ACA Employer Reporting service provides the assistance needed to determine if your company is an ALE, and whether your health coverage is (a) affordable and (b) of “minimum value” per current regulations. We provide an easy-to-follow monthly spreadsheet to collect the information needed for your required annual report. Compiling the information as you go avoids a year-end rush and ensures your compliance.

Features that provide peace of mind

- Tools to help you determine if your organization is considered an ALE.
- Compiles and stores the provided employee health coverage information for reporting to the IRS and your employees.
- Completes required IRS Forms and assists with timely filing and distribution.
- Exclusive Audit Guarantee.
- Plus, for an additional fee, track variable hour employees; if they become full-time during any month of the year they must be offered health coverage.
